Notice - Multiple Vulnerabilities in Android

Fubon Bank (Hong Kong) Limited would like to remind its customers and the public to the following Security Alert issued by the Hong Kong Government in relation to Multiple Vulnerabilities in Android phones and mobile devices. According to the Security Alert, a successful attack could lead to information disclosure, privilege escalation, or complete control of the device.

For more details, please click here: <http://www.govcert.gov.hk/en/A16-08-02.html>

Users of Android systems are advised to take necessary precautionary measures.
